We Rate Dogs is a popular Twitter page that features pictures of dogs with humorous and catchy captions. The page was created in 2015 and has since grown to have millions of followers. The page has become famous for its unique dog rating system, where all dogs are given a rating out of 10. The ratings are often given in a playful and humorous manner, with the aim of making people smile and raising awareness of dog adoption. The page also shares information about different breeds of dogs and encourages people to adopt dogs from shelters. The page is not only a source of entertainment but also a platform to share important information about dogs, their welfare, and the importance of adoption.

it appears that the majority of tweets on the We Rate Dogs Twitter page are coming from an iPhone, and that these tweets are from the page itself. This suggests that the person or team behind the We Rate Dogs Twitter page primarily uses an iPhone to post tweets. This information can be useful in understanding the workflow and posting habits of the page.

It was observed that the most popular lifestage on the We Rate Dogs Twitter page is pupper.

Pupper" is a term used to describe young dogs, typically between the ages of 3 to 12 months.

## Life Stages
